ASK MATT TO BUILD YOU A LITTLE VEGGIE PATCH: [THELITTLEVEGGIEPATCHCOMPANY](http://THELITTLEVEGGIEPATCHCOMPANY)

### I dig it

Monday, 27th April 2009

Usually I'd whinge about rain, Lord knows we had enough of it over the weekend. But since Matt built me a little veggie patch, now there really is a silver lining to every rain cloud. Soon my pockets will be lined with all the silver I will save from growing my own vegetables. Mwuaahaha! As long as my little veggies continue to sprout, I don't mind if the sun doesn't come out ... well, actually I do.

PS. For those who are coming to my exhibition tonight, see you soon.
